

WOOD&DESIGN

WASHBASIN COUNTERTOPS

Wanos Wood & Design presents the new collection of solid wood tops and tops. We can make any type of processing on tops and solid wood tops. We work exclusively with wood, the wood finish can be chosen by the customer according to their taste. Our top kitchen shelves, are ideal for use in the kitchen, the transparent protection protects the wooden surface superficially to avoid direct contact with water and liquids in general.

Beautiful and warm wooden floors can also be used as a kitchen island, wood gives a unique look to your

environment, to renew your kitchen, just change the work surface, you will make it fresh and new as never before. If you want the maximum resistance and waterproofing, we propose the treatment resined with transparent epoxy resin, both in the glossy and opaque version. The epoxy resin gives the wood a unique solidity and hardness, does not undergo thermal changes and does not absorb light, you can use your solid wood worktop to cook any dish in your kitchen. Choose the resin treatment you will get an excellent result. In this category we also sell the individual solid wood slabs that we create specifically tailor-made for the customer, you can choose width and height of the material, in addition to the custom-made shape and type of processing. Choose to buy a Made in Italy product we give strength and start to believe in Italian labor and craftsmanship, our quality of materials and cabinet making are famous all over the world.

SINK TOP IN DEBARKED HARDWOOD

Thanks to the precious work of our artisans, we created a unique and inimitable sink top. We can make it custom-made. In this offer we show a top in dried chestnut hardwood, naturally dried for over 10 years, made with coupled boards to reach the desired length with a thickness of 55-60 mm.

The iron shelves in the image are only for display and aren't included in the sale price.

A resin finish treatment makes this hardwood top perfect to make your rooms unique.

Choose the right design for your home by Wanos.
